ORATEX 2MTR & 10MTR ROLLS (60cm width) PRE-PAINTED, IRON ON, FABRIC COVERING

Easy application: due to its pliability and a shrinkage of 5% in both directions ORATEX is easy to apply round corners and edges. Creases can easily be removed with a heat-gun. Excellent adhesion: the adhesive of ORATEX is about twice as strong as that of conventional fabric coverings. Remarkable toughness and stability of the fabric. Protective seal: the surface of ORATEX has been treated to make it resistant to fuel and oil. You can paint or varnish it if you wish, but there is no need for it.

SOLARFILM 2MTR ROLLS POLYESTER

Polyester films have become popular recently. Their toughness and high shrink capabilities coupled with their ability to withstand direct sunlight have earned them a dedicated following. They are more expensive than the standard Solarfilm but for that special model they are a must.

If you need a film covering for Diesel or petrol powered models these will not react with the fuel. Weight 60 - 80 gsm. Width 0.68m.

ORACOVER 2MTR ROLL

Oracover is a film based covering which comes in a variety of different colours and styles. Many people confuse oracover with solar film which is not correct, oracover is a much more durable and tough film which can withstand higher temperatures and has a higher shrink rate compared to solar film all of which makes it much easier to work with.

IF YOU REQUIRE A SPECIFIC COLOUR IN 2MTR OR 10MTR ROLL, PLEASE DO NOT HESITATE TO CONTACT US.

OVERLANDER PRODUCTS – THUMPER V3 MOTORS

Overlander Thumper V2 MK2 Motors are manufactured to Overlanders demanding standards, using the finest quality components. Our High Tech manufacturer uses state of the CNC machine tools, giving the unique Thumper V2 MK2 design, this design means a lower weight motor with our exclusive gunmetal finish for better heat dissipation.

Every component of the motors are manufactured from the highest quality materials, only the best Neodym magnets are used along with special high temperature wire for windings, giving these motors reliability normally associated with much more expensive products.

Thumper V2 MK2 motors are designed to provide reliable power for your model at respectable prices, a total performance package when used in conjunction with our XQ Speed Controllers.
